Education

• North Forsyth High School

(GPA: 4.36/4.0)

AP Courses: CSA, World History, Environmental Science, US History, Chemistry, English Language, Statistics, Precalculus; Pathway: Web Dev/CS

Activities: DECA, FBLA (President), STUCO, Educo (Co-President), Squash (ACS)

Cumming, GA

Aug. 2024 - May. 2027

• Georgia Institute of Technology

(GPA: 4.0/4.0)

Distance Computer Science Dual Enrollment

Courses: CS 1301

Atlanta, GA

Fall 2025

• The McCallie School

(GPA: 4.3/4.0) AP Courses: Computer Science Principles

Chattanooga, TN

Aug. 2023 - May. 2024

Leadership/Experience

• Educo Tutoring — Co-President

May 2026 – Present

- Co-direct the NFHS tutoring program by managing logistics, weekly scheduling and mentor-student pairings.
- Personally delivered 20+ hours of chemistry tutoring, improving student understanding and performance.

• FBLA North Forsyth High School — President

May 2026 – Present

- Direct overall chapter strategy and manage an executive team to execute school-wide events and recruitment.
- Oversee a 136-member organization and facilitate community service projects totaling over 284 volunteer hours distributed.

Projects

MENTICS — AI College Planning Platform

Jun 2025 – Present

- Developed a full-stack Flask web app with an SQLite database to deliver personalized test prep plans and college roadmaps.
- Integrated the Google Gemini API for adaptive AI-driven guidance and built a chatbot for real-time mentorship support.
- Designed a responsive frontend and applied UI/UX principles using HTML, Tailwind CSS, and ApexCharts to track progress visually.
- Implemented secure authentication with both standard registration and Google OAuth 2.0 sign-in options.

SafeRoute — Hack Forsyth Hackathon Project

Sep 2025

- Collaborated to build a WWII-themed civilian safety simulation in 5.5 hours using Python, Tkinter, OpenStreetMap, and OSRM routing.
- Designed interactive UI to simulate danger zones and evacuation routes, emphasizing rapid prototyping and API integration.
- Presented the project's technical architecture and demonstrated a functional prototype to a panel of hackathon judges.

Trend Death Simulation Using Conway's Game of Life

Aug 2025

- Modeled social media trend lifecycles by adapting Conway's Game of Life in Python with Tkinter and Matplotlib for interaction.

Content-Based ML Recommendation Engine (Anime)

Jul 2025

- Built a content-based recommendation engine using TF-IDF, Jaccard Similarity, and a Variational Autoencoder neural network model.
- Implemented custom heuristics to filter sequels and spin-offs, improving the diversity and novelty of recommendations.

Machine Learning for Student Stress Prediction

Jul 2025

- Engineered an ML pipeline achieving ~90% accuracy in predicting student stress using SVM, Random Forest, and MLP models.
- Used feature importance analysis to identify key stress factors, highlighting the model's potential in student wellness apps.

Skills

- Languages: Python, Java, JavaScript (ES6) — experience in both academic projects and personal applications.
- Web / Full-Stack: HTML, CSS, Tailwind CSS, React, Next.js, Flask, SQLite/SQL, GitHub, Render, Vercel.
- Data & AI: Machine Learning, Deep Learning, TensorFlow/Keras, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn.
- Developer Tools & Platforms: APIs, REST, OAuth 2.0, ApexCharts, Tkinter, Threading, Version Control, Google Cloud.
- Soft Skills: Team Leadership, Public Speaking, Strategic Planning, Project Management, Cross-Functional Communication.

Certifications and Awards

- **GHP Computer Science State Semifinalist** — Advanced to the state level through rigorous district nominations and technical interviews.
- **CIW Cite Associate Certification** – Certified in website development with HTML 5, CSS, and JavaScript.
- **IT Specialist – Software Development, Certipoint / Pearson VUE (Apr 2025)** — Certified in programming logic, data handling, and software.
- **2026 GA FBLA State Champion - Social Media Strategies** — Recognized for excellence in digital marketing strategy at the state level.
- **Dr. T.E.P. Woods Award for Academic Excellence** – Distinguished for comprehensive academic success and dedication to rigorous coursework.
- **Michaels-Dickson Scholar – \$28,000 Merit Scholarship** – The McCallie School – Selected for strong academics, leadership, and character.
