## Education

- North Forsyth High School**  
Weighted GPA: 4.569 | Class Rank: 3 / 522 | Computer Science / Web Development Pathway  
AP: CSA, Chemistry, Statistics, English Language, U.S. History; Calculus AB/BC & Physics C (in progress)  
Georgia State Dual Enrollment: Government, Humanities, Information Systems, Business & Critical Thinking  
Activities: FBLA (President), Educo (Co-President), CTAE Computer Science Ambassador  
Cumming, GA  
Aug. 2024 - May 2027
- Georgia Institute of Technology**  
Distance Computer Science Dual Enrollment | CS 1301: Introduction to Computing (A)  
Atlanta, GA  
Fall 2025
- The McCallie School**  
Grade 9: Honors coursework and AP Computer Science Principles | Michaels-Dickson Merit Scholar  
Chattanooga, TN  
Aug. 2023 - May 2024

## Leadership/Experience

- Cloud Supply Chain Solutions — Software Engineering Intern**  
Aug. 2026 - Present
  - Contribute to 3D warehouse visualization software and design 2D floor-plan features for operational dashboards.
  - Research API-driven tools and document engineering requirements to support the intern development team.
- Cirrus Labs — Programming Intern**  
Summer 2026
  - Merged code after senior engineer review; resolved data blockers and prototyped requested AI/ML features.
  - Co-authored AI safety research presented to the CTO; earned a two-month internship extension.
- Learn AI Forsyth — Co-Founder & Project Lead**  
2026 - Present
  - Co-lead free AI education, with outreach content reaching 180+ students; develop accessible learning materials.
  - Manage nonprofit outreach and AI assistant prototypes for The Place, Bald Ridge Lodge and Mentor Me.
- FBLA North Forsyth — President; Former VP Community Service**  
2025 - Present
  - Direct chapter recruitment, meetings and service operations; train officers and mentor younger competitors.
  - Built chapter's first React site; as service VP, helped exceed the annual volunteer goal by 52%.
- Educo Tutoring — Co-President**  
May 2026 - Present
  - Co-manage peer tutoring logistics, tutor matching and session scheduling.
  - Delivered 40+ hours of chemistry tutoring and helped recruit student tutors.
- Biochemistry / Machine Learning Research — Student Researcher**  
2025 - 2026
  - Contributed to professor-supervised research on silver nanoparticle experimental data and paper drafting.
  - Explored Random Forest models, cross-validation and feature importance in an independent ML extension.

## Projects

- MENTICS — AI College Planning Platform**  
Jun. 2025 - Present
  - Co-founded and launched free beta (~50 users); built personalized SAT and college roadmaps using Flask, React, SQL and Gemini.
  - Developed authentication, persistent user data, AI guidance and deployment; iterated from user feedback.
- The Place — Source-Grounded AI Information Assistant**  
2026 - Present
  - Built a nonprofit chatbot prototype with document retrieval, answer citations and FAQ-based fallbacks.
- Space Debris Collision Prediction — ML Project**  
2025 - 2026
  - Analyzed orbital data and developed collision-risk prediction components and orbital visualizations.
- SafeRoute — Hack Forsyth Project**  
Sep. 2025
  - Built a civilian safety route simulator in 5.5 hours using Python, OpenStreetMap and OSRM.
- Content-Based Anime Recommendation Engine**  
Jul. 2025
  - Designed recommendation models with TF-IDF, similarity methods and an autoencoder; filtered sequels and spin-offs.

## Skills

- Languages: Python, Java, JavaScript, TypeScript, SQL.
- Web / Full-Stack: React, Next.js, Flask, Express, HTML/CSS, Tailwind CSS, PostgreSQL, MongoDB, SQLite.
- Data & AI: Scikit-learn, TensorFlow/Keras, Pandas, NumPy, RAG, information retrieval, ML modeling.
- Developer Tools & Platforms: Git/GitHub, REST APIs, OAuth, Render, Vercel, Google Cloud, Matplotlib.
- Soft Skills: Team Leadership, Public Speaking, Mentorship, Project Management, Technical Documentation.

## Certifications and Awards

- 2026 FBLA Social Media Strategies — 1st in Georgia; 4th nationally (first school top-10 NLC finish in 10 years).
- Georgia Governor's Honors Program (GHP) — Computer Science State Semifinalist (2026).
- IT Specialist — Software Development, Certipoint / Pearson VUE (Apr. 2025).
- CIW Website Development Associate — Certified in website development.
- Michaels-Dickson Scholar — \$28,000 merit scholarship, The McCallie School.
- Dr. T.E.P. Woods Award for Academic Excellence; University of Georgia Certificate of Merit.
